COVID-19 UPDATE

Flood Brothers Disposal values the safety of our clients and staff. With this in mind we have been closely monitoring the latest developments with the spread of the COVID-19 virus, also referred to as The Coronavirus. This outbreak is an ever changing situation, and we have been monitoring the latest information and updates provided by the Center for Disease Control and Prevention, the World Health Organization and local health officials to provide the safest environment in and around the communities that we serve. This includes increased sanitization measures and social distancing with staff and personnel.

Flood Brothers continues to provide scheduled services for waste and recycling removal. We are committed to provide our sanitation duties so that our partners can focus on their families and professional responsibilities. During this time we may experience high call volumes or service delays, and we ask for your patience as we navigate this situation together.

The Flood Brothers Disposal website and social media platforms will provide regular updates on potential service interruptions or delays related to COVID-19.

We thank you for your patience, and we wish you continued health and safety.
